Cooperative carries out agricultural and production activities. 1.500 persons are working here. 4.394 ha of arable land, 857 hectares of vineyards, 163 hectares of gardens are in the cooperative's use. Holding specializes in production of grain crops, grape, corn and sunflower seeds, growing of fruit and vine seedlings. Cooperative produces livestock products mainly for own needs. Breeding of pedigreed horses is one of the most profitable and interesting affairs, because participation of these horses in different sport events, exhibitions and fairs brings much fame to the cooperative. Besides agricultural production, holding carries out successfully other kinds of production activity. Jointer's shop produces parquet from the acacia wood. There is a mill, an oil-mill and a bakery. Wine-making plant produces wine materials, which are bottled at the «Acorex Wine Holding» plant. In perspective, PC «Tvardița» supposes to install own wine bottling lines. Main kind of industrial activity is production of bricks and roof tiles. Plant works on the basis of raw material mined in local clay quarry. Annual productivity amounts to 12 mln. pieces of bricks and 1.5 mln. pieces of tiles. 180 qualified workers and specialists work here. Products of brick yard are in great demand, in the Republic of Moldova and Romania. PC «Tvardița» maintains good partnership relations with enterprises from Ukraine, Byelorussia, Serbia, Bulgaria, Russia and Romania. Every year, it takes part traditionally in specialized construction exhibitions held in Kishinau, regional and republican exhibitions arranged by the Chamber of Commerce and Industry, as well as in fairs and specialized contests. Cooperative «Tvardița» provides financial support to music and art schools, gymnasiums, libraries, kindergardens, musical college, palace of culture, where various art collectives operate (chorus, ensemble of popular instruments, folk group, etc.), museum of village, TV-studio, sport clubs, etc. Management of the PC «Tvardița» takes tireless care of the improvement of village, repairs and covers roads with asphalt pavement, carries out cleaning of wells, ponds and territories of rest.
