From 2000 - general director of JSC «Vinul Codrilor» Forests and vineyards are two true treasures of Moldova, which always cause admiration in man's heart. Vine growing side by side with venerable groves symbolizes life-giving force, and fertility of the land. Probably, namely by this reason, wines from vineyards cultivated in the forest zone of the republic have such unique peculiarity. Wines that are produced and kept in cellars of JSC «Vinul Codrilor» evidence it.
